

# Challenge: Trapped Source

## Challenge Description :

The Intergalactic Ministry of Spies tested Pandora's movement and intelligence abilities. She found herself locked in a room with no apparent means of escape. Her task was to unlock the door and make her way out. Can you help her in opening the door?

## Context :

- This one is really easy, you basically just need a browser to finish this.

## Notes :

- Tools:
  - Browser - A browser like chrome, firefox, brave, librewolf.

## Challenge :

- Basic analysis on a web-page.

## Flag :

- Start the instance, go to the website and open the Inspect-element prompt, and head to the elements page, you might need to refresh but basically the code should be there.
- After entering the Correct Pin you should get a flag at the top.

```
<body> <flex>  
  <script> == $0  
    window.CONFIG = window.CONFIG || {  
      buildNumber: "v20190816",  
      debug: false,  
      modelName: "Valencia",  
      correctPin: "7157",  
    }  
  </script>
```

```
<div class="lockbox">
  <div class="lockStatus" style="font-size: 8px;">
    HTB{vi3w_cli13nt_s0urc3_S3cr3ts!} </div> == $0
  > <div class="lockMid">...</div>
</div>
```

We get the flag : HTB{vi3w\_cli13nt\_s0urc3\_S3cr3ts!}
